

AH 1 PERFORMANCE MEASURE	The percent of programs promoting and/ or facilitating adolescent well visits.
Goal: Adolescent Well Visit	
Level: Grantee	
Domain: Adolescent Health	
GOAL	To ensure supportive programming for adolescent well visits.
MEASURE	The percent of MCHB funded projects promoting and/ or facilitating adolescent well visits.
DEFINITION	<p>Tier 1: Are you promoting and/ or facilitating adolescent well visits in your program?</p> <p><input type="checkbox"/> Yes</p> <p><input type="checkbox"/> No</p> <p>Tier 2: Through what processes/ mechanisms are you promoting and/ or facilitating adolescent well visits?</p> <p><input type="checkbox"/> Technical Assistance</p> <p><input type="checkbox"/> Training</p> <p><input type="checkbox"/> Product Development</p> <p><input type="checkbox"/> Research/ Peer-reviewed publications</p> <p><input type="checkbox"/> Outreach/ Information Dissemination/ Education</p> <p><input type="checkbox"/> Tracking/ Surveillance</p> <p><input type="checkbox"/> Screening/ Assessment</p> <p><input type="checkbox"/> Referral/ care coordination</p> <p><input type="checkbox"/> Direct Service</p> <p><input type="checkbox"/> Quality improvement initiatives</p> <p>Tier 3: How many are reached through those activities? <i>(Report in Table 1: Activity Data Collection Form)</i></p> <p># receiving TA</p> <p># receiving training</p> <p># products developed</p> <p># peer-reviewed publications published</p> <p># receiving information and education through outreach</p> <p># receiving screening/ assessment training</p> <p># referred/care coordinated</p> <p># received direct service</p> <p># participating in quality improvement initiatives</p> <p>Tier 4: What are the related outcomes in the reporting year?</p> <p>% of adolescents with an adolescent well visit in the past year</p> <p>Numerator: Adolescents reached by the program in reporting year who had an adolescent well visit during the reporting period.</p> <p>Denominator: Adolescents reached by the program in reporting year</p> <p>% of adolescents enrolled in Medicaid/ CHIP with at least one adolescent well visit in the past year</p> <p>Numerator: Adolescents enrolled in Medicaid/ CHIP reached by the program in reporting year with at least one adolescent well visit in the reporting year</p> <p>Denominator: Adolescents enrolled in Medicaid/ CHIP reached by the program in reporting year.</p> <p>Age range of adolescents served: _____</p>

AH 1 PERFORMANCE MEASURE

The percent of programs promoting and/ or facilitating adolescent well visits.

Goal: Adolescent Well Visit

Level: Grantee

Domain: Adolescent Health

BENCHMARK DATA SOURCES

Related to Adolescent Health Objective 1: Increase the proportion of adolescent who have had a wellness checkup in the past 12 months Baseline: 68.7%, Target: 75.6%).

GRANTEE DATA SOURCES

Title V National Performance Measure 10, Adolescent Health (AH), National Vital Statistics System (NVSS) Birth File, Home Visiting

SIGNIFICANCE

Adolescence is an important period of development physically, psychologically, and socially. As adolescents move from childhood to adulthood, they are responsible for their health including annual preventive well visits which help to maintain a healthy lifestyle, avoid damaging behaviors, manage chronic conditions, and prevent disease.

AH 2 PERFORMANCE MEASURE	The percent of programs promoting and/ or facilitating adolescent injury prevention.
Goal: Injury Prevention	
Level: Grantee	
Domain: Adolescent Health	
GOAL	To ensure supportive programming for adolescent injury prevention.
MEASURE	The percent of MCHB funded projects promoting and/ or facilitating injury prevention and through what processes.
DEFINITION	<p>Tier 1: Are you promoting and/ or facilitating injury prevention in your program?</p> <ul style="list-style-type: none"><input type="checkbox"/> Yes<input type="checkbox"/> No <p>Tier 2: Through what processes/ mechanisms are you promoting and/ or facilitating injury-prevention? <i>See data collection form.</i></p> <ul style="list-style-type: none"><input type="checkbox"/> Technical Assistance<input type="checkbox"/> Training<input type="checkbox"/> Research/ dissemination<input type="checkbox"/> Peer-reviewed publications<input type="checkbox"/> Outreach/ Information Dissemination/ Education<input type="checkbox"/> Referral/ care coordination<input type="checkbox"/> Quality improvement initiatives<input type="checkbox"/> Use of fatality review data <p>Please check which child safety domains which program activities were designed to impact:</p> <ul style="list-style-type: none"><input type="checkbox"/> Motor Vehicle Traffic<input type="checkbox"/> Suicide/ Self-Harm<input type="checkbox"/> Falls<input type="checkbox"/> Bullying<input type="checkbox"/> Youth Violence (other than bullying)<input type="checkbox"/> Child Maltreatment<input type="checkbox"/> Unintentional Poisoning<input type="checkbox"/> Prescription drug overdose<input type="checkbox"/> Traumatic Brain Injury<input type="checkbox"/> Drowning<input type="checkbox"/> Other <p>Tier 3: How many are reached through those activities?</p> <ul style="list-style-type: none"># receiving TA# receiving professional/organizational development training# of peer-reviewed publications published# receiving information and education through outreach# referred/ managed% using fatality review data <p><i>See data collection form.</i></p> <p>Tier 4: What are the related outcomes in the reporting year?</p> <p>Rate of injury-related hospitalization to children ages 10-19.</p> <p>Numerator: # of injury-related hospitalizations to children ages 10-19</p>

AH 2 PERFORMANCE MEASURE

The percent of programs promoting and/ or facilitating adolescent injury prevention.

Goal: Injury Prevention

Level: Grantee

Domain: Adolescent Health

Denominator: # of children ages 10-19 in the target population

Target Population: _____

Percent of children ages 12-17 missing 11 or more days of school because of illness or injury.

Numerator: # of children ages 12-17 missing 11 or more days of school

Denominator: Total number of children ages 12-17 represented in National Survey of Children's Health result

Dataset used: _____

BENCHMARK DATA SOURCES

Related to Healthy People Injury and Violence Prevention objectives 1 through 39.

GRANTEE DATA SOURCES

AHRQ Healthcare Cost and Utilization Project: National Inpatient Sample or State Inpatient Database

National Survey of Children's Health, 6-11 year old survey, Question G1

SIGNIFICANCE

Two dozen children die every day in the United States from an unintentional or intentional injury. In addition, millions of children survive their injury and have to live the rest of their lives with negative health effects. Although there has been much progress in the United States in reducing child injuries, more is needed.

Data Collection Form for Detail Sheet # AH 2

Please use the form below to report what services you provided in which safety domains, and how many received those services. Please use the space provided for notes to specify the recipients of each type of service.

	Motor Vehicle Traffic	Suicide / Self-Harm	Falls	Bullying	Youth Violence (other than bullying)	Child Maltreatment	Unintentional Poisoning	Prescription drug overdose	Traumatic Brain Injury	Drowning	Other (Specify)
Technical Assistance											
Training											
Research/ dissemination											
Peer-reviewed publications											
Outreach/ Information Dissemination / Education											
Referral/ care coordination											
Quality improvement initiatives											
Use of fatality review data											
Notes:											

AH 3 PERFORMANCE MEASURE

The percent of programs promoting and/ or facilitating screening for major depressive disorder.

Goal: Screening for Major Depressive Disorder
Level: Grantee
Domain: Adolescent Health

GOAL

To ensure supportive programming for screening for major depressive disorder.

MEASURE

The percent of MCHB funded projects promoting and/ or facilitating screening for major depressive disorder for adolescents and through what processes.

DEFINITION

Tier 1: Are you promoting and/ or facilitating screening major depressive disorder for adolescents in your program?

- Yes
- No

Tier 2: Through what processes/ mechanisms are you addressing injury prevention?

- Technical Assistance
- Training
- Product Development
- Research/ Peer-reviewed publications
- Outreach/ Information Dissemination/ Education
- Tracking/ Surveillance
- Screening/ Assessment
- Referral/ care coordination
- Direct Service
- Quality improvement initiatives

Tier 3: How many are reached through those activities?
(Report in Table 1: Activity Data Collection Form)

- # receiving TA
- # receiving training
- # products developed
- # peer-reviewed publications published
- # receiving information and education through outreach
- # receiving screening/ assessment training
- # referred/ care coordinated
- # received direct service
- # participating in quality improvement initiatives

Tier 4: What are the related outcomes in the reporting year?
% of 12-17 year olds screened for MDD in the past year in community level or school health settings

Numerator: Adolescents involved with your program in the reporting year who were screened for MDD in a community-level or school health setting.

Denominator: Adolescents involved with your program in the reporting year.

% of adolescent well care visits that include screening for MDD

Numerator: Adolescents involved with your program in the reporting year that had a well-child that included a screening for MDD, in the reporting year.

Denominator: Adolescents involved with your program in the reporting year that had a well-child visit in the reporting year.

AH 3 PERFORMANCE MEASURE

The percent of programs promoting and/ or facilitating screening for major depressive disorder.

Goal: Screening for Major Depressive Disorder
Level: Grantee
Domain: Adolescent Health

% of adolescents identified with a MDD that receive treatment

Numerator: Adolescents involved with your program identified as having an MDD that received treatment during the reporting year

Denominator: Adolescents involved with your program during the reporting year identified as having an MDD

% of adolescents with a MDD

Numerator: Adolescents involved with your program during the reporting year identified as having an MDD

Denominator: Adolescents involved with your program in the reporting year.

Age range of adolescents served:

BENCHMARK DATA SOURCES

Healthy People 2020, MHMD 11.2 – Increase the proportion of primary care physician office visits where youth aged 12 to 18 years are screened for depression (Baseline 2.1 in 2007, Target: 2.3%); Healthy People 2020 Objective MHMD-4.1. Percent of adolescents aged 12 to 17 years experienced a major depressive episode (Baseline: 8.3% in 2008, Target: 7.5%)

GRANTEE DATA SOURCES

Grantee Data Systems

SIGNIFICANCE

Major depression is becoming more and more common in the United States. Major depression entails interference with the ability to work, sleep, study, eat, and enjoy life. Screening for this disorder can identify individuals and effectively treat them.
