

# Michigan's MIECHV Program FY 2019

## HRSA's Maternal, Infant, and Early Childhood Home Visiting (MIECHV) Program

- Supports the [Michigan Home Visiting Program](#) and provides voluntary, evidence-based home visiting programs for at-risk pregnant women and families with children through kindergarten entry
- Builds upon decades of scientific research showing that home visits by a nurse, social worker, early childhood educator, or other trained professional during pregnancy and in the first years of a child's life helps prevent child abuse and neglect, supports positive parenting, improves maternal and child health, and promotes child development and school readiness

### Michigan MIECHV Program At-a-Glance

**Rural counties:**

None

**Non-rural counties:**

Berrien, Calhoun, Genesee, Ingham, Kalamazoo, Kent, Muskegon, Oakland, Saginaw, Wayne

**Participants**

**3,144**

**Households**

**1,706**

**Home Visits**

**21,684**

### Michigan Targets Community Needs

MIECHV Program awardees serve high-risk populations. Awardees tailor their programs to serve populations of need within their state.

- 72.9% of households were low income
- 22.4% of households included pregnant teens
- 12.1% of households included a child with developmental delays or disabilities

### Michigan Performance Highlights

- **Intimate Partner Violence (IPV) Screening:** 91.1% of caregivers enrolled in home visiting were screened for IPV within 6 months of enrollment
- **Behavioral Concern Inquiries:** Caregivers were asked if they had any concerns regarding their child's development, behavior, or learning in 89.8% of postpartum home visits
